

# CALLING ALL ARCHITECTS!

*Do you employ interns in your practice? Would you like to be a mentor to an intern?*

AIA Connecticut is providing future architects with information about the Intern Development Program (IDP), which is required for licensure. We need to provide these interns with a list of architects who are eager to employ interns and serve as mentors.

If you would like to be listed as an architect who can provide guidance concerning training and long-range career plans, please fill out this form and fax or mail back to us.
